Product Review: Nel-Tech DVK-100 Digital Voice Keyer

by Marty Woll N6VI / JY8VI

The 'phone contester can now add to his arsenal the equivalent of a memory keyer. Nel-Tech has taken digital voice storage technology, already in widespread use in voice mailbox systems, and built a compact (7" x 10.5" x 1.5") package for amateur use. My chance to use the new device came during the JY7Z operation in the 1986 CQ WW DX Phone Contest.

Layout and Interconnect

The DVK-100 goes in series with the microphone lead to the transmitter and with the external PTT (e.g., footswitch), if one is used. Interface cables for any of several popular rigs are supplied by Nel-Tech. Power comes from an outlet-mounted adaptor (supplied). The front panel, which is horizontal, is divided into three sections: memory, control and audio. Four memories are available: one at 16 seconds, one at 8 seconds and two at 4 seconds each. Control switches let you record or play, check your messages or go live. The audio section has selectable 3dB of compression, monitor (with external speaker) and end-of-transmission tone generator.

Operation

The DVK-100 works just like a typical memory keyer. You switch to "record", hit the desired memory switch, start talking and hit it again when you're done. Repeat the process for each additional memory you want to program. Switch to "play", put your rig on VOX or let the DVK-100 trigger the PTT for you, push the desired memory button and hear your golden tones being transmitted. The sound comes out just as would a tape loop but with no machine-generated noise whatsoever. A touch of either the memory button or PTT can stop mid-message. A message can be changed in about the time it takes to speak it ... very flexible.

Weaknesses

Controls utilize a membrane keyboard which is sometimes hard to activate and which provides no tactile feedback. You may find yourself trading sore tonsils for a sore finger by the end of a long contest. Tactile microswitches would be an improvement. There is no provision to remote the memory switches. You can probably kluge it (not yet tried), but Nel-Tech should provide a jack for this purpose. If they do, then I can live with the existing panel switches, which would be used less often. There is also no "repeat" function; this would be very useful on the 16-second memory (providing a continuous CQ / listen cycle without constant button-pushing). Finally, despite the manufacturer's efforts, it is possible to get too much RF into the unit. This occurred at the 20 meter position at JY7Z, so the 20 meter op, Jim N6TJ, who owns the unit tested, couldn't use it. I had no such problem on 80 meters, hence I'm the one writing this review.

Conclusion

The DVK-100 is priced around \$350, a fair piece of change. Was I glad I had it? Definitely! Would I run out and buy one? Probably not, until the improvements suggested above have been made. I'll stick with my tape loop for now, but the DVK-100 and similar future units will probably become standard equipment one of these days and I expect I'll end up owning one.

6 of the 9 Operators at JY7 were from the SCCC. GREAT JOB !!!

THE JY CREW WERE GUESTS OF THE JY GOVT. AND HAD A GREAT TIME.

ACCORDING TO MARTY, N6VI, W'S AND PARTICULARLY THE WEST COAST WERE REAL TOUGH TO WORK. PROPAGATION WAS WEIRD WITH NOT MUCH NORTH OR SOUTH AMERICA, ONLY ONE JA ON 80MTRS, FEW VK ZL WORKED. MISSING ZONE ON 20 & 15 WAS #1 ALASKA. WL7E WHERE WERE YOU, HI! WE WILL HAVE ALOT MORE ABOUT THIS EXCITING TRIP TO JORDAN FROM MARTY AND CREW WITH A POSSIBLE SLIDE SHOW AT THE SCCC JANUARY MEETING AND PROBABLY A DX CONVENTION PRESENTATION. THEY ALSO MET WITH JY1, THE KING..... MORE LATER..... THANKS MARTY !!!!

INVITATION

N6VI and N6DX are looking for additional operators for a M/M effort from KP2 for CQWW DX CW 1986, thats in a couple weeks from now..... Cost is \$600-\$800 including airfare and room and board. Costs will vary on length of stay etc. Everything is planned so is all you have to do is show up and help operate the contest. THIS TRIP IS YL AND XYL APPROVED WITH NICE BEACHES AND DIVING. NOW'S YOUR CHANCE TO KILL TWO BIRDS WITH ONE STONE. TELL THE YL YOUR GOING TO TAKE HER TO THE CARIBBEAN FOR A VACATION. SHE'LL ENJOY THE BEACH WHILE YOU WORK THE PILE-UPS AND OF COURSE DURING YOUR OFF HOURS YOU'LL BE ABLE TO ENJOY THE ISLANDS TOGETHER. WITH CONDITIONS IMPROVING GET THE EDGE ON THE EAST COAST BOYS AND TRIP ON DOWN TO KP2 LAND FOR SOME FUN, SUN AND CONTESTING !!!!! IF YOU ARE INTERESTED IN MORE DETAILS CALL MARTY N6VI at (818) 893-2451. DON'T MISS THIS CHANCE

CALL MARTY NOW AND GO OPERATE FROM KP2 FOR CQWW CW!

JANUARY MEETING

PLAN NOW TO ATTEND OUR JANUARY MEETING, WHICH WILL BE HELD AFTER THE TRW SWAP MEET THE LAST SATURDAY OF JANUARY. THIS MEETING WILL BE ONE OF THE BEST OF THE YEAR. WRAPPING UP SCCC EFFORTS FOR A MEMORABLE 10th YEAR, 1986. WITH FORMIDABLE CLUB REPRESENTATION IN THE CONTEST COMPETITIONS OF 1986, WE WILL HAVE PRESENTATIONS ON THE JY OPERATION AND THE SCCC MEXICO EFFORT. IN ADDITION TO THESE TWO ATTRACTIONS THERE WILL BE A PRESENTATION OF THE SCCCer OF THE YEAR AWARD. THIS NEW AWARD WILL BE PRESENTED TO THE MOST CONTRIBUTING MEMBER OF THE CLUB. SO MARK YOUR CALENDARS AND SAVE YOUR CHRISTMAS MONEY FOR THE JANUARY TRW SWAP MEET. MORE ON THIS IN THE JANUARY ISSUE OF SCCCORE!!!!

GET YOUR KEYS OUT

IF YOU CAN'T COME TO MEXICO OR GO TO KP2 LAND GET THOSE KEYS OUT AND PUT IN SOME TIME 29 & 30 NOVEMBER IN CQWW CW FOR THE SCCC. AS YOU REMEMBER THIS IS THE TENTH YEAR OF THE CLUB AND WITH YOUR CONTRIBUTING SCORES WE CAN MOVE UP IN THE CLUB RANKINGS SO GET OUT THE KEYS AND BANG AWAY A BIT AND BE SURE TO SEND IN YOUR SCORE NO MATTER HOW BIG OR SMALL TO CQ MAGAZINE AND TO SKI, N6ADI SO IT CAN BE PUBLISHED IN THE JANUARY SCCCORE. CQP SUCCESS

CQP was a Super Success this year with outstanding participation by literary
everyone on the bands. It sounded like SS or RS or even CQW that weekend and
the activity was by far the largest ever heard for a QSO Party. I listened
the following weekend to the IRSA or whatever its called and the bands were
quiet except for a few participants. Huge efforts were put in by AA6RX at
W6UE, WA6OTU at W6AQ, NI6W, AI6V and WA6VEF. I'm pretty sure all these guys
broke 2000+ QSO's in the CQP. Truly an impressive HAPPENING !!!

IF YOU OPERATED IN CQP SEND YOUR SCORES TO NE6I OR NGADI...thanks to those of
you who already have! Need these scores to compile team winner!!!

FROM THE PRESIDENT - NOVEMBER 1986

Now I remember why I don't operate phone contests. I just finished the three-day job of duping my 2100 QSO California QSO Party log (primarily a phone contest). On CW you make less contacts, and so you have less paperwork. 1000 QSOs shouldn't take more than an evening to dupe....

But seriously, I don't operate phone because of the QRM you constantly have to battle on 20 Meters on Sunday - what with guys crowding you from both sides, none of them showing any respect, those miserable ragchewers who never answer your "Is this frequency in use?" questions only to jump all over you ten minutes later, and the filthy signals some of our comrades produce - it's enough to drive you crazy.

Then there's your voice. As a professional singer and actor, I can attest to the fact that beyond a shadow of a doubt, over 24 hours of SSB contesting, your voice takes one heck of a beating, you better believe it.

The Northern California Contest Club, who sponsors the CQP, offered a bottle of wine to the top 20 finishers this year, in honor of the CQP's 21st birthday. NCCC Private Reserve, they call it. Oh well, it was enough to get me to throw caution to the wind. Phone, I thought to myself - the last phone contest I operated was in 1977 (not counting XE2SI). I hate phone. I NEVER operate phone. ANYONE can operate phone. Why bother.

I think I'm hooked. I actually had fun. I also made more CW contacts than N6RV and N6BT....

As I write, CW Sweepstakes is 2 days away, and I'm gearing up from W6AQ. I hope to hear the rest of you guys on. The dust will be settled before you even see this, though, so remember, it's the thought that counts.

Did someone say MEXICO? Kurt, Ski and I have been doing what all we can to get the 1986 SCCC expedition to XE2SI for CW together, but none of us are in a place to take on the position of Master of Ceremonies, so we all appreciate your patience, and your hop-to-it-ness when we get down to the wire. It'll be hot. Optimism reigns supreme. If we forgot your special talents, put 'em back in front of us and slap us around a little - we'll remember sooner or later. Thanks for all the support. As Ski mentions elsewhere, there's still seats on the Tijuana Taxi left. Don't miss this great opportunity to be DX for a hundred bucks or so - the bargain of the decade. (especially if you have a camper or other RV).

73 to you all for now. MARK, WA6OTU

EFFECTIVE M/S CONTESTING

MULTI OP SINGLE TX CONTESTING TAKES SOME REAL HEADS UP PLANNING AND EFFORT. IN COWW THIS IS ESPECIALLY TRUE DUE TO THE EXCEPTION TO THE TEN MINUTE RULE. YOU NEED A RATE STATION, A SPOTTER FOR THAT BAND AND TWO ADDITIONAL SPOTTERS FOR FINDING MULTIPLIERS ON OTHER BANDS. DURING THE DAY WITH THREE ACTIVE BANDS THIS CAN BE A MONUMENTAL CHALLENGE. IN CONTESTS WITH THE TEN MINUTE RULE A DECISION HAS TO BE MADE AS TO WHEN IT IS WORTH IT TO CHANGE BANDS BUT IN COWW YOU JUST WORK THE MULTIPLIERS. SO DEPENDING ON THE CONTEST YOU MIGHT NEED THREE TRANSCEIVERS AND ONE RECEIVER TO BE AN EFFECTIVE FORCE IN THE M/S CATEGORY. STAFFING CAN BECOME A REAL CHORE WITH THESE REQUIREMENTS. DURING CYCLE PEAKS STAFFING COULD APPROACH THAT OF A M/M EFFORT. NEXT ISSUE WE WILL LOOK AT M/S STRATEGIES AND SPECULATE ON SELECTIVE PROPAGATION, IF YOU HAVE ANY INPUTS SEND THEM TO THE CLUB BOX PRIOR TO 3 JAN 1987 AND WE'LL ADD THEM TO THE ARTICLE.....

THIS HAD TO BE ONE OF THE BEST CQWW WEEKENDS IN YEARS WITH RECORD SETTING PERFORMANCES BY MANY. CONDITIONS WERE OUTSTANDING !!! THE READINGS FROM WWV WERE 99-11-1 THE DAY BEFORE THE CONTEST AND GOT BETTER AS THE WEEKEND PROGRESSED. T2ARY (OH1RY) SAID HIS RATE WAS IN EXCESS OF 225 QSO'S PER HOUR BUT HE COULDN'T OPERATE THE WHOLE CONTEST DUE TO TVI AND RFI PROBLEMS.

I AM SURE THAT A WORLD RECORD WAS SET BY THE EXCEPTIONAL AND CREATIVE PERFORMANCE OF RANDY K7SS FROM FU'S PLACE ON 80 METERS WITH A ROTATABLE 3 ELEMENT KLM AT 185' (I think)..... I ALSO AM SURE MANY OTHER RECORDS FELL DURING THE WEEKEND AND IF YOU WEREN'T ON YOU REALLY MISSED IT !!!! ALL BANDS WERE OPEN !!!! THAT'S RIGHT 10, 15 thru 160..... AMAZING FOR THIS PERIOD IN THE CYCLE.....

SCORE GATHERING, A CHALLENGE?

It's nice to see how these other guys did and sit back and evaluate what you could have done to improve your score. RIGHT ?
Well, its real tough getting these scores and I keep hearing members on and never getting scores from them. Thanks to NI6W for the M/S and MM scores !
I got the 80 meter scores on 80 because that's where I have been hanging out lately. THANKS TO THOSE OF YOU WHO DID SEND ME RESULTS !!!!! BUT I KNOW THAT CQP HAD MORE ENTRANTS FROM OUR CLUB THAN I HAVE SCORES AND IT IS SO EASY AND INEXPENSIVE TO DROP ME A POST CARD WITH A SCORE ON IT AND THAT WAY WE CAN ALL SEE WHY YOU BEAT US SO BAD BY YOUR LINE SCORES. ITS ALSO VERY GOOD FOR THE CONTESTERS EGO TO SEE HIS SCORE IN PRINT SO GET YOUR PENS OUT AND KEEP YOUR EARS OPEN ON THE RADIO AND SEND ME YOUR SCORE FIRST OF ALL AND THEN ANY SCORES THAT YOU HEAR ON THE BANDS. I WILL PRINT ANYTHING IN THE WAY OF SCORES AS YOU CAN SEE I PRINTED MINE FROM CQWW AND IT WAS A LAST MINUTE EFFORT THAT I AM ALMOST EMBARRASED TO PRINT BUT WHAT THE HEY IT WAS FUN !!!!! HELP ME GET SCORES IN PRINT AND SPEND .14 TO SEE YOURS IN PRINT TOO !!!!! (ed.)
